

CV

ABOUT:

At 18, a student at IIIT Hyderabad,
I'm deeply passionate about photography, sketching,
exploring new horizons through extensive travel,
as well as delving into the realms of astrophysics and quantum mechanics.
This blend of artistic expression and scientific curiosity shapes both
my personal and academic journey at IIIT Hyderabad.

EDUCATION:

My educational journey has spanned various states in India,
from the dynamic landscapes of South India
to the cultural tapestry of Lucknow.
Currently enrolled at IIIT Hyderabad,
I'm pursuing a B.Tech in Computer Science and Engineering while
delving into the realm of Natural Sciences,
combining my fascination for technology with a
keen interest in the natural world.

ACHIEVEMENTS:

My experiences beyond my immediate surroundings are still unfolding,
I've found joy in academics,
Achieving 98.4% in my 10th CBSE exams,
earning the distinction of being a blue blazer holder at my school,
and successfully clearing exams
such as JEE Mains, IAT, UGEE and JEE Advanced (I'll keep my rank a secret)
have been a few accomplishments.
